

Command™ Small White Picture Hanging Strips

- An easy way to hang your pictures. No need for nails or screws.
- Innovative 3M adhesive technology holds strongly: 4 sets of Small Picture Hanging Strips hold up to 1.8kg in weight
- Strips remove cleanly without leaving holes, marks or sticky residue.
- Strips lock into position making it easy to unlock, straighten and reposition wonky frames.
- Suitable for most smooth surfaces including painted walls, tiles, metal and wood.
- See usage instructions. Wait one hour between mounting the strips to the wall and hanging the frame. Not suitable for use on wallpaper

Overview

Command™ Small Picture Hanging Strips are ideal for hanging framed photos and artwork, without causing damage to your walls. They're easy to apply, with no need for nails or tools and are suitable for most smooth surfaces. These small strips lock together to hold a surprising amount of weight - up to 1.8kg! When you're ready for a change, the strips are easily removed without damaging the surface underneath – no holes, damaged paint work or sticky residue. Decorating possibilities are endless with our small picture hanging strips. Why not create a display of framed postcards from your travels or create a photo montage up the stairs – it's easy to add, remove and reposition your pictures when you want to update your collection. Picture Hanging Strips provide a great, nail-free solution for rented accommodation where you are worried about causing damage to your walls. Taking down your pictures is easy, simply hold the bottom corners of the frame and lift from the bottom, gently easing it away from the wall. To remove the Command Picture Hanging Strips, lightly press the top of the strip and pull the tab straight down, slowly stretching it until the strip releases from the wall. All of these instructions are detailed on the back of the pack. Contains 4 sets of interlocking pairs (8 strips)
